

E-Blast

July 10, 2025

Every culture values truth—but how it's defined or discovered can vary widely. The truth actually affects people in certain ways that show how important truth is... Did you know...

1. Studies using brain scans have shown that lying increases cognitive load and stress.
2. When people live in contradiction to what they know is true, they often experience anxiety, guilt, or shame (cognitive dissonance).

3. The truth is neurologically easier to tell—even when it's uncomfortable.
4. Psychological research shows that humans instinctively search for what's real and reliable.

Living without truth creates inner division and Jesus knows this. In a world full of shifting opinions and blurred lines, Jesus speaks truth that is unchanging, liberating, and life-giving... it has lasting impact—unlike opinions that fade. Jesus though shares the real truth... it not only convicts—but it heals and unites us with our Heavenly Father.

Come worship this weekend with us as Jesus makes it clear... He is not a direction, an opinion, or a lifestyle—He is the Way, the Truth, and the Life. Knowing Him is the only path to the Father, and to the fullness of life we were created for.

Just for Laughs...

"What did the janitor say when he jumped out of the closet?"

"Supplies!"

"Where do you learn to make a banana split?"

"Sundae school."

"What do you call it when a snowman throws a tantrum?"

"A meltdown."
